Inspection Information

The Nebraska Legislature has determined that the Nebraska Department of Agriculture shall establish an inspection program for applicants and licensees to determine whether the requirements of care of the Commercial Dog and Cat Inspection Act are being met. Each applicant must pass a qualifying inspection before an initial license is issued. All licensed facilities are to be inspected at least once in a twenty-four (24) month period, but most facilities are inspected more frequently to monitor compliance, respond to complaints, or for educational and outreach purposes. Routine, biennial inspections are unannounced.

The Nebraska Department of Agriculture (Department), through its Commercial Dog and Cat Operator Inspection Program, conducts inspections for the purpose of determining a licensee's compliance with the Commercial Dog and Cat Operator Inspection Act, Nebraska Revised Statutes §§54-625 through 54-643 (the Act), and the regulations cited as, 23 NAC 18.
